Opis produktu

Power Supply AK-ND-82 5 - 20V / 3 - 4.5A 90W USB-C Power Delivery 3.0 GaN

The Akyga® AK-ND-82 USB-C power adapter has been created to quickly and efficiently charge a wide range of electronic devices. Application the **USB-C standard** means that the power adapter offers versatile usages - from laptops to smartphones and tablets. Its main feature is support for PD 3.0 (**Power Delivery 3.0**) **technology**, which allows the power supply to dynamically adapt to the needs of the connected device. Thanks to this, the power supply can deliver a voltage range of 5 to 20 V and a current of 3 to 4.5 A, ensuring fast and safe charging of even the most demanding devices.

The innovation of this model is highlighted by the use of gallium nitride (**GaN**) **technology**. This modern solution allows for reducing the size of the device while maintaining its high performance. The **90 W** mains charger is therefore compact and lightweight, making it an ideal choice for frequent.

Oznaczenia produktu: MPN: AK-ND-82; EAN: 5901720133984.

Przed zakupem porównaj numer produktu i kod EAN z oznaczeniami posiadanego wyposażenia, aby potwierdzić właściwy wariant. W przypadku montażu lub łączenia z innymi elementami sprawdź ich wymiary i wymagania w dokumentacji

producenta.
