Opis produktu

Timeless 3-Needle Kit

Coravin Timeless Needles are specially designed to pierce through natural or agglomerated cork, or the Coravin Timeless Screw Cap, and allow you to pour wine without opening the bottle. The Coravin Timeless Three Needle Kit contains three distinct Needles to suit any bottle or situation: Timeless Fast Pour Needle, Timeless Vintage Needle, and Timeless Standard Needle.

Not compatible with Timeless Eleven or Pivot™ Wine Preservation Systems.

What's Included

Timeless Fast Pour Needle(1)

The Timeless Fast Pour Needle is wider than the Timeless Standard Needle, allowing for a faster pour. It is recommended for use on corks in good condition.

Timeless Standard Needle(1)

The Timeless Vintage Needle is thinner than the Standard Needle, designed for use with older, more fragile corks.

Needle Clearing Tool(1)

If your Coravin Needle becomes clogged, use the Needle Clearing Tool to clear out any cork particles.

How to Replace the Coravin Needle

Remove

Grasp the Needle Grip and unscrew it to release the Needle from the System.

Install

Slide the pointed end of the new Needle back into the Needle Guide. Screw the Needle Grip into the System until it clicks into place.. You are ready to pour!

Average Pour Rate

On average, a 5-ounce (150ml) pour of wine with a Standard Needle will take 25 to 29 seconds.
