Opis produktu

Cable USB type C / USB type C 1m AK-USB-68 60W Silicone Blue

Akyga® AK-USB-68 is a modern **silicone USB-C to USB-C cable** that combines functionality with attractive design. The blue colour of the cable makes it easy to find in your bag or on your desk, while giving it a unique character.

Fast data transfer and charging

Thanks to its USB 2.0 compatibility, this cable supports data transfer speeds of up to 480 Mbps. You can easily sync photos, documents, or music between your smartphone and laptop. It also supports fast charging for devices with **up to 60 W of power**.

Silicone coating for comfort

The soft and flexible silicone coating makes the cable pleasant to the touch and resistant to kinks. The **1 m length** ensures comfort of use both at home and on the go.

Universal USB cable

USB-C connectors make the cable compatible with a wide range of devices — smartphones, tablets, power banks and modern laptops from various brands. With this cable, you can charge phone models such as Samsung Galaxy, Xiaomi Poco and iPhone 16.
